PROJECTS

Personal Portfolio Website

- Built a fully responsive personal portfolio website to showcase web development projects and skills.
- Used **HTML**, **Custom CSS**, **JavaScript**, and **AOS Animation** for design and interactivity.
- Applied **Bootstrap** for responsive layout and compatibility across devices.

E-Commerce Furniture Website

- Designed a responsive e-commerce furniture site with **JavaScript**, **Bootstrap**, and **custom CSS**, featuring product listings and cart management.
- Created a visually appealing, user-friendly interface, showcasing **front-end development** skills.

Dynamic E-commerce Shopping Website

- Built a fully responsive **dynamic** e-commerce website for shirt shopping using **HTML**, **custom CSS**, and **Bootstrap**.
- Displayed products **dynamically** by fetching data from a **JSON file**, ensuring easy updates and scalability
- Implemented **JavaScript** for interactive cart features, allowing users to add and remove products.
